

Summer Enrichment Final Report
(completed in SAMIS)

Program Name: _____ Date: _____

Name of Person Completing this Report: _____

1. Summarize services provided July 1 – August 31; without repeating what was provided in your mid-term report, describe the specific educational components and structured activities, any special field trips or project-based learning opportunities offered to participants, as well as any staff activities completed after services ended.

2. Summarize the population served for the duration of the program; include number of participants served by zip codes and schools (in table format). Indicate how the final report is different from the mid-term report and why.

3. Provide an overview of the data collection efforts for the duration of the program, specific to the CSC Leon provided tools; include any lessons learned and solutions implemented along the way to overcome challenges experienced and/or described in the mid-term report.

4. Provide an overview of the data collection efforts for the duration of the program, specific to the program specific assessment; include any lessons learned and solutions implemented along the way to overcome challenges experienced and/or described in the mid-term report.

5. Complete the table.

Information Requested	Total
a. Number of children/youth enrolled. (FORM A-1)	
b. Number of parent/caregiver consent forms completed. (FORM A-3)	
c. Number of CYRM pre-assessments completed. (EXHIBIT 4)	
d. Number of CYRM post-assessments completed. (EXHIBIT 4)	
e. Number of program specific assessments completed, as applicable. (EXHIBIT 5)	
f. Number of actual service days for the duration of the program.	
g. Number of meals served for the duration of the program.	
h. Number of satisfaction surveys collected (as reported to you by CSC Leon).	

6. If the numbers of items a-c above are different from your mid-term report, explain.

7. Did you meet the contracted outcome for attendance (70% of program participants attend 80% of the available time)? Yes/No
If no, describe the barriers you experienced and attempted solutions to address this concern.

8. Did you meet the contracted outcome for resiliency gains (80% of program participants who complete both a pre- and a post-assessment will show gains)? Yes/No
If no, reflect on the reason why and propose solutions for future implementation.

9. Did you meet the contracted outcome for enrichment gains for each domain assigned to your program (80% of program participants will show gains)? Yes/No
If no, reflect on the reason why and propose solutions for future implementation.

10. Upload your data collection results from your program specific assessment(s). *This should show results for each child/youth and how you calculated gains (e.g. spreadsheet with a row for each child/youth).*

11. How will you incorporate feedback from the Parent/Caregiver Satisfaction Survey to improve your program?

12. Knowing what you know now, what would you change about your selected assessment(s) and/or program implementation plan?

13. Please share at least one success story (different from the mid-term report) related to program implementation and/or staffing.

14. Please share at least one success story related to a child/youth experience or outcome.
